Cleveland, O. Aug. %-In the first two ngs to-day the Browns secured a lead four runs over the Blues. At this point, wever, Pelty, who did so well last Saturby against the Bostons, became wild, his teammates contributed errors, with the

result that three runs came in.

This was but the beginning of the end. for during the remaining rounds they kept hammering away at Pelty until they had made the score 12 to 4.

After the second inning, Moore was practically invincible, only three men reaching to secure a safe hit up to the second up to of seven straight victories was about to be

It is a peculiar fact that there is no pitcher against whom Burkett would rather bat than Moore, as he generally gets a hit or works him for a base on balls. True to his rule, he opened up the first inning by drawing four bad ones. Martin sacrificed, and then Moore hit Hill.

Anderson forced Hill, but Wallace's single to right acored Burkett. In relaying the ball to third, to catch Anderson, Lajoie threw wild, and the big fellow score, He'drick's single scoring Wallace.

In the second inning, with two out, Burkett again walked and scored on hits by Martin and Hill and Flick's fumble. This was all for St. Louis, but Cleveland began where the visitors left off.

With one out in the third, Pelty used bad judgment in allowing Moore, a weak batter to walk. Anderson's fumble saved him, but Lajoie's single, which was fumbled by Heidrick, allowed Moore, Flick and Bay to score. In the fifth inning, singles by Moore, Bay and Bradley sent in another.

In the sixth, however, there was much doing, McCarthy led off with a triple, and Bemis singled. Gochnauer walked, filling the bases. Then Hill's error, Bay's single and Bradley's double were good for five runs.

In the eighth Bay's third single, Brad-

READVILLE TRACK MUDDY BUT CROWD ENJOYS RACES.

Talent Bets Confidently on Blind Stal-Hon, Elastic Pointer, but Has a Bad Scare.

Readville, Mass. Aug. 26.-With the track so muddy next to the pole that racing had to be done in the clean outside of the course, the second day's programme of the Grand Circuit meeting at Readville was enjoyed to-day by a large crowd.

The principal attraction was the \$5,000 "the Norfolk Stake" for pacers eligible to 2:24 class last spring. "Nick" Hubinger's blind stallion, Elastic Pointer, brother of Star Pointer, was made favorite, and won the first heat.

The talent had a bad scare in the second heat when Jack Curry made a rousing finish with Pan Michael, nipping out Pointer right at the wire. Elastic Pointer came back gamely, however, taking the two following heats handliy.

Promise was backed heavily to win the 2:12 trot. After taking the opening heat he dropped the next two. "Scott" Hudson having the winner in Belle Kuser. In the final heat she won only by a head over Promise. In the 2:10 trot, The Roman, a warm favorite, did not take kindly to the footing and was not a factor after the first heat, which Jim Ferry won, pulled up at the wire. In the next heat the gray gelding quit almost to a walk when collared by the distance fing, McKinley winning by half a length.

REPUBLIC SPECIAL.

Charleston, Ill., Aug. 26.—The forty-ninth annual Coles County Fair opened yesterday with every indication of being a record-breaker. Every department is full and running over. New stalls and sheds are being erected to accommodate the overflow of stock entries. The horse and cattle displays are especially large, and the swine and poultry exhibit is fully up to former years. The only noticeable shortage is in the agricultural hall, caused by the season being a little backward, and the Fair dates coming two weeks earlier than usual. The races have become the special attraction of the Goles County Fair. Big purses draw the best horses in the country, and the track, recentive rebuilt, is one of the finest end fastest in Illinois, it has a record of 2:10, made by The Hero, and a special purse of 100 is offered to the horse lowering this record. Charley Cornwall, who has figured in quite a number of bouts around this city, and who is a native of St. Louis, has been trying his luck in the West lately, and was matched with Jimmy McCarthy to fight at Sale Lake. Some questionable bouts, pulled off in rapid succession, seem to have killed the game there, however.

The authorities have shut down upon the sport, and the promoters have scattered and opened up in two other places—Murray, Utah, and Pocatello, Idaho. The bout in which Cornwall was to have figured had to be called off on this account.

This shutdown will cause matches in which local men were to figure to be abruptly canceled. Tommy Sullivan had been offered a bout with Aurelio Herrera there, but will not make the trip West under these circumstances.

the university team had been done this summer. Doctor Hetherington said very emphatically that there had not; that recruiting is entirely against the principles of the management and the root of the evils of football. He said, however, that because of this fact several men who would ordinarily have gone somewhere else and whose allegiance properly belonged elsewhere would probably come to Missouri this fall. These men were attracted by the cleanliness of the athletics, as were also their parents. Some of them are excellent material, not only of the football team, but for track work as well. The cruiser left the fleet at about 2:45 and steamed up the harbor a short distance, possibly looking for cables attached to mines. She fired several rounds and was answered by Fort McKinley. She anchored off Little John's Island.
